

# Jana Hamad Alghasham

Junior Infrastructure & DevOps Engineer

- [WhatsApp: +966 550 720 727](#) • [janahamadgh@gmail.com](mailto:janahamadgh@gmail.com)
- [LinkedIn: janaalghasham](#)

I am Jana Alghasham, a Computer Science graduate with hands-on experience in DevOps, cloud computing, and network infrastructure. I am a fast learner, flexible, efficient, and highly motivated. I enjoy contributing to team environments and I'm always eager to learn new technologies and expand my skills.

## EDUCATION

---

### Qassim University (2019-2024)

Bachelor's Degree in Computer Science

### Saudi Digital Academy (Aug-Nov2024)

Bootcamp in software Development

## WORK EXPERIENCE

---

### Junior Infrastructure Engineer (Jun-Aug 2025)

At Nadeer – (Riyadh – Hybrid)

- Deployed and containerized full-stack applications; managed Docker containers for staging and production on a VPS.
- Configured high-availability infrastructure using MongoDB replicas and MinIO buckets.
- Migrated multiple projects from GCP to VPS, enhancing performance and reducing costs.
- Set up Site24x7 for server monitoring and implemented VPS security measures (UFW, Fail2Ban, SSL).
- Assisted developers with deployments, domain configuration, and credential management.
- Maintained internal documentation, subscription tracking, and infrastructure records.

### IT Operations Trainee (Apr-May2025)

At T2 – Hybrid

- Managed Linux and Windows Server environments, including hosting websites, configuring HAProxy load balancers, deploying Docker containers, and publishing via IIS.
- Implemented database replication and high availability solutions, with hands-on experience in Grafana monitoring, caching (Redis), messaging (RabbitMQ), scripting, and backup automation.

### DevOps Infrastructure COOP (Jul-Aug 2023)

At Manafa capital – Riyadh

- Gained hands-on experience with IT regulatory compliance and cloud infrastructure management.
- Tasks included server upgrades, installing and configuring Logstash and Kibana, and developing IT governance and change management policies in line with SAMA requirements.

## PROFESSIONAL CERTIFICATIONS

---

### AWS - Certified Cloud Practitioner (2025)

### Cisco Networking & Cyberhub Academy - CyberOps Associate (2021)

### Oracle Cloud Infrastructure - Certified Foundations Associate (2023)

## SKILLS

---

**Technical Skills:** GCP, Azure, AWS, Oracle Cloud, Linux, PHP, Microsoft Office, Jira Software, SQL server, PostgreSQL, Render, RESTful APIs, ASP.NET Core, Apache, HAProxy, Redis, Docker, IIS, CI/CD, Docker, Grafana, Nginx, MongoDB.

**Soft Skills:** Critical thinking, problem solving, Teamwork, Public speaking, Teaching experience, Communication Skills, Leadership.
